

Spring Break Camps

STEM FUNDamentals with LEGO®

6 - 10 Years

Power on your engineering skills with Play-Well TEKnologies and tens of thousands of LEGO®! Apply real world concepts in physics, engineering, and architecture through engineer-designed projects such as Snowmobiles, Towers, Catapults, and Battletracks! Design and build as never before, and explore your craziest ideas in a supportive environment. An experienced instructor will challenge new and returning students to engineer at the next level. There is no prerequisite for this course.

Mad Science All-Stars

5 - 10 Years

You have been selected to participate on the Mad Science All-Star team. Learn all about famous scientists and inventors who were all-stars in their field of expertise. Follow in their footprints as we equip you with the science skills needed to rise to the top. Together with your teammates you will build super structures, create a volcanic eruption and examine rocks formed from volcanic magma. Soar high above as you build a kite and experiment with lift, aerodynamics and air pressure. Discover the secret behind the stars and make a star chart. Take home projects include: magnetic soccer game, rocket racer, star locator, kite, animal track, crystal garden and more.
