Signage Replacement (as needed) ⁽⁴⁾

⁽¹⁾ Supplies consist of scrub pads, wire brushes, towels, etc.

⁽²⁾ Truck Expenses are based on the Labor Surcharge and Equipment Rental Rates from the CA Department of Transportation and prorated over the average amount of time that it requires to travel to and from plus paint out the specified square footage. (For the purpose of this chart, the usual truck used is \$83.64/hour divided into quarter hours)

⁽³⁾ All Staff charges are based on hourly loaded rates.

⁽⁴⁾ Signage: Our signs have a high reflectivity on them as required by law. Once we use remover on the sign, the reflectivity is damaged. Once that is damaged we must replace the sign. The sign cost varies according to the type/size/reflectivity of sign.

Please note: These figures are based on one (1) staff member and one (1) vehicle. Should a particular job take longer than suggested here it will be prorated accordingly based on actual time necessary for the job to be properly completed. Certain large and involved jobs may require more than one person or vehicle to complete.

Effective July 1, 2017
