Subject: Rezoning without Notification

Message submitted from the <Santee, CA> website.

Site Visitor Name: Michael Wandell

Site Visitor Email: [REDACTED]

I was just informed by my neighbor that the lot adjacent to mine was rezoned to R-22 from R-2 and I was not notified. This is a major change that I am against and I want to know why I was not notified. I have lived here for 44 years and have received notices on other things but not on this one. The people of Santee passed Measure N which states if there is a change to the General Plan or an Amendment that it is to be voted on by the people as it affects all of us.

City Manager please pass this on to:

John Minto

Ron Hall

Laura Kovall

Dustin Trotter

Rob McNellis

I am very upset about this lack of notification. I was told by a person that went to the meeting that the City Council asked Mike Coyne the Project Manager if notification was sent out and his reply was "YES"

That doesn't seem to be true.

A response is due, and I expect one.

Sincerely,

Michael Wandell
