# Permanent BMP Construction Certification Form

Date Prepared:	Project Number:
Project Applicant:	Telephone:
Project Address:	
Project Engineer	Telephone:

The purpose of this form is to verify that the site improvements for the above referenced project have been constructed in conformance with the City of Santee's Standard Urban Storm Water Mitigation Plan (SUSMP) document, the property's Storm Water Management Plan, and drawings.

This form must be completed by the engineer of record for this project and be submitted prior to final inspection for occupancy. Completion and submittal of this form is required for all new development and redevelopment projects in order to comply with the City's Storm Water Ordinance and NPDES Order R9-2013-0001. Final inspection for occupancy and release of grading or public improvement bonds may be delayed if this form is not submitted and approved by the City of Santee.

### **CERTIFICATION:**

As the professional in responsible charge for the design and construction of the above referenced project, I certify that all constructed Low Impact Development, source control, and treatment control Best Management Practices have been built per approved plans, the City's SUSMP and Grading Permit Number:\_\_\_\_\_. Further, I certify that BMPs for this project have been constructed in compliance with the approved plans and all applicable specifications, permits, ordinances, and Order R9-2013-0001 (and all subsequent amendments) of the San Diego Regional Water Quality Control Board.

I understand that this BMP certification statement does not constitute an operation and maintenance certification, which is required to be submitted annually to the City of Santee.
