BASE BID: \$ _____
(in numbers)

BASE BID _____
(in words)

In case of discrepancy between the unit price and the extended price set forth for a unit basis item, the unit price shall prevail and, shall be utilized as the basis for determining the lowest responsive, responsible bidder. However, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or is the same amount as the entry in the extended amount column, then the amount set forth in the extended amount column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the unit price. Final payment shall be determined by the City from measured quantities of work performed based upon the unit price.

Bid amount of each bid item must be filled in and completed in ink.

In the event of a conflict between the numbers given in figures and in words, the words shall control.
