Good Afternoon Ms Ortiz

Thank you for all your assistance today. I appreciate you so much. I am a citizen of Santee currently residing at [REDACTED] in the [REDACTED]. I would like to ask the Council about the proposed 7.1 acre housing project currently being considered for development at 7737 Mission Gorge Rd. On April 27, 2020 my mother Barbara Crichton changed the her address to heaven. 10 days later the park landlord/owners served me with a 5 day notice to surrender the premises or be sued for Unlawful Detainer. My family and I have rented [REDACTED] for 43 years. Approx 53 if you count my grandfather. He moved here first then gave the trailer to us. To say I was shocked and hurt was an understatement. Over these past months I have watched the landlords atty fees reach close to \$70,000 and we havent gone to trial yet. I began to ask myself why would the landlords spend such an astronomical amt of money to get one 60 yr old tenant out of the park? We did not have a history of complaints, calls or visits from the police and have developed wonderful lifelong friends in the park. Recently I noticed surveyors, civil engineers, construction workers and the like testing and mapping out property lines. My brother Trent was a surveyor among other things. I've also recently learned that my trailer sits on both properties. I need clarification about jurisdiction and also if the development intends to build on the land I currently reside on. My court date is May 30th. If I could please get some answers from the Citys representatives I would be so grateful. I'd also like to add the city has \$15,000 riding on this. My family took out a \$15,00 non interest loan from the City of Santee. If I lose we all lose. I am asking for any information you may have about the proposed development and how it will impact myself and any other tenants of the park. Thank you for your time this evening.

I hope that is ok Ms Ortiz. If not please let me know so I can make it right.
