 Drainage/Absorption Population/Housing Balance Toxic/Hazardous Cumulative Effects
 Economic/Jobs Public Services/Facilities Traffic/Circulation Other: _____

Present Land Use/Zoning/General Plan Designation:

Planned Development (PD)

Project Description: (please use a separate page if necessary)

The Second Recirculated Sections of the Final Revised Environmental Impact Report have been prepared for the Fanita Ranch project to revise the General Plan consistency analysis based on the September 2024 order of the San Diego County Superior Court. The Second Recirculated Sections include revisions to the Land Use and Planning section of the Final Revised EIR to correct deficiencies related to General Plan inconsistency, as identified in the trial court's 2024 ruling, judgment, and writ. The Second Recirculated Sections also include appendices which consist of: 1) the trial court's ruling, judgment, and writ; and 2) a memorandum providing additional legal support and analysis for the discussion found in Section 4.10, Land Use and Planning. Pursuant to CEQA Guidelines Section 15088.5 (f)(2), the City requests that reviewers limit their comments to the second round of recirculated portions of the Final Revised EIR. Following the close of the public review period, responses to comments on the Second Recirculated Sections of the Final Revised EIR will be prepared. The City has determined that the remaining portions of the Final Revised EIR that were not found deficient will not be recirculated as they have been through the CEQA process and have withstood legal challenge. The City will not seek or entertain any further comments on unrevised portions of the Final Revised EIR.

The Fanita Ranch project site is approximately 2,638 acres and is located in the northern portion of the City in eastern San Diego County. The description of the Fanita Ranch Project has not changed from the Final Recirculated Revised EIR. Discretionary actions include EIR Certification, Development Plan, Vesting Tentative Map, Development Review Permit and Conditional Use Permits. If approved, Fanita Ranch would be a planned community consisting of up to 2,949 housing units with a school, or 3,008 units without a school, up to 80,000 square feet of commercial uses, parks, open space, and agriculture uses. Habitat preserve would total approximately 1,650 acres.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
