The Lead Agency, having reviewed the Initial Study of this proposed project, having reviewed the written comments received prior to the public meeting of the Lead Agency, and having reviewed the recommendation of the Lead Agency's Staff, does hereby find and declare that the proposed project will not have a significant effect on the environment. A brief statement of the reasons supporting the Lead Agency's findings are as follows:

This document serves as an update to the Santee General Plan's Safety Element and incorporates a new Environmental Justice Element. The Safety and Environmental Justice Element (Element) is integral to guiding future development in Santee as it addresses public safety concerns and provides goals and policies to minimize public safety hazards. The Element does not propose specific development. Future development proposals would require project-specific CEQA review.

The Lead Agency hereby finds that the Negative Declaration reflects its independent judgment. A copy of the Initial Study is attached.

The location and custodian of the documents and any other material which constitute the record of proceedings upon which the Lead Agency based its decision to adopt this Negative Declaration are as follows:
