Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The City of Santee 2020-2024 Consolidated Plan (Con Plan) outlines the community's strategies for meeting its identified housing and community development needs, developed through a citizen participation process as detailed in the 2020-2024 Citizen Participation Plan. The five-year Consolidated Plan includes a needs assessment, market analysis, and identification of priority needs and long-term strategies.

The Con Plan is a five-year planning document that identifies needs within low-to moderate-income (LMI) communities and outlines how the City will address those needs. Ultimately, it guides investments in and helps achieve HUD's mission of providing decent housing, suitable living environments, and expanded economic opportunities for LMI populations.

An Annual Action Plan implements the strategies included in the Con Plan and provides a basis for allocating federal block grant resources. This document represents the City of Santee's Program Year 2024 CDBG Annual Action Plan. It identifies the goals and programming of funds for activities to be undertaken in the fifth year of the five-year Consolidated Plan.

2024-2025 Program Year

On May 7, 2024, HUD announced the final grant allocation of CDBG funds the City will receive for the 2024-2025 Program Year. Therefore, to facilitate the citizen participation process, ensure timely adoption and submission of the Action Plan, and preserve the ability of the City of Santee to start its 2024-2025 Program Year in a timely manner, the project and activity funding levels reflected in this Action Plan are based on the 2024-2025 HUD grants allocation levels outlined for City of Santee as \$350,916 for CDBG Funds, \$195 of program income, and \$5,124 of carry forward funds. The total budget allocated to projects in this action plan is \$356,235.

- Assist up to 20,822 low- and moderate-income persons, many with special needs, via CDBG funded public services.
- Fund public infrastructure improvements to benefit more than 2,000 “elderly” persons and persons with “disabilities.”
- Assist up to 110 persons with fair housing issues funded with CDBG Administration Funds.

3. Evaluation of past performance

Each program year of the Consolidated Plan period, the City must submit to HUD a Consolidated Annual Performance and Review Report (CAPER) with detailed information on progress towards the priorities, goals and objectives outlined in the Consolidated Plan.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

The City of Santee is a CDBG Entitlement jurisdiction. The City will receive \$350,916 in CDBG funds in Program Year 2024. The City of Santee is a member of the San Diego County HOME Investment Opportunities Consortium. The County of San Diego is recognized by HUD as a Participating Jurisdiction on behalf of the Consortium and includes HOME Program goals, activities and accomplishments in its Consolidated Plan and Annual Action Plans. The City of Santee does not receive Housing Opportunities for Persons with AIDS (HOPWA) or Emergency Solutions Grant (ESG) program funding. Please refer to the County of San Diego (www.sdhcd.com) and City of San Diego (www.sandiego.gov) Annual Action Plans for details on the goals and distribution of HOPWA and ESG funds.

The City does not anticipate a regular stream of Program Income over the course of this Consolidated Plan. Program income received from the repayment of home rehabilitation loans (CDBG) will be applied to approved current-year activities (For the 2024-2025 Program Year an additional \$195 is available from program income) Additionally the City of Santee has and available amount of \$5,124 of Carry Forward & Reserve funding from prior years. This Annual Action Plan sets forth to allocate a total of \$356,235 of CDBG funds.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

While the CDBG program does not require matching funds, CDBG funds offer excellent opportunities to leverage private, local, state and other federal funds to allow for the provision of public service activities. For example, many State grant programs have scoring criteria that reward applicants who have matching funds.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City has no city-owned property zoned for housing. Most City-owned properties are remnant parcels associated with improvements to the Prospect Avenue industrial collector.

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The geographic priority area for available CDBG Public Services resources is the City of Santee in its entirety. CDBG resources were allocated based on the quality and quantity of applications submitted.

The allocation of CDBG Program Year 2024 funding towards public facilities will occur at locations to be determined with an emphasis on installing ADA compliant pedestrian ramps at locations where no ramp exists citywide.

Discussion

The allocation of CDBG in Program Year 2024 funds toward public infrastructure will likely occur in CDBG-eligible low- and moderate-income areas and citywide as discussed above and this rationale will continue through the Consolidated Plan planning period.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City of Santee has a long record of supporting affordable housing. The City has adopted numerous provisions in its Zoning Ordinance that facilitate a range of residential development types and encourage affordable housing, including flexible development standards, density bonus provisions, and reasonable accommodation procedures for persons with disabilities. In addition, the City and its former Redevelopment Agency have provided direct financial assistance to support affordable housing projects. The loss of Redevelopment Housing Funds after the dissolution of redevelopment in California in 2012, combined with reductions in federal HOME funds, has impaired the City's ability to provide direct financial for future affordable housing production in the City.

In addition to funding constraints, the primary barrier to the provision of affordable housing in the City of Santee is the lack of vacant land suitable for residential development. Private landowners hold much of the underdeveloped and residentially zoned land in the City. This calls for alternative policy tools such as lot consolidation and/or demolition of existing older structures to accommodate higher density infill development.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City firmly believes that its policies and current practices do not create barriers to affordable housing. In 2020, the City participated in the update of the Regional Analysis of Impediments to Fair Housing Choice, in which it reviewed various city policies and regulations and has determined that none of these is an impediment to housing.

Discussion

The City of Santee will continue to review any new policies and procedures to ensure they do not serve as an actual constraint to development.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

This section of the Program Year 2024 City of Santee Annual Action Plan includes the actions planned to address the obstacles in meeting underserved needs, to foster and maintain affordable housing, reduce lead-based paint hazards, reduce the number of families in poverty, develop the institutional structure and enhance coordination between public and private housing and social services agencies.

Actions planned to address obstacles to meeting underserved needs

The primary obstacle to meeting all the identified needs, including those identified as priorities, is the general deficiency of funding resources available to the public and private agencies that serve the needs of low- and moderate-income residents. The elimination of redevelopment agencies significantly impacted the city's efforts to maintain infrastructure, expand housing and promote economic development. Furthermore, entitlement grants have leveled off over recent years, further stretching funds available to provide increasing needs for services and meet the City's needs. Santee endeavors to remedy obstacles by exploring alternative funding vehicles, leveraging resource investments to the maximum feasible degree and exploring new sources of municipal revenue generation.

Actions planned to foster and maintain affordable housing

Santee will continue efforts to maintain and improve the infrastructure of the city's low- and moderate-income neighborhoods as well as assist residents by helping them acquire and/or maintain affordable housing in the community. The city plans on funding specific activities that will improve the quality of life for seniors and persons with special needs, including those with ambulatory and vision difficulties, as well as strengthen the local provision of homeless services and homeless prevention services.

Additionally, the City has recently completed the process of updating its Housing Element. The Housing Element is the City's main housing policy and planning document that identifies housing needs and constraints, sets forth goals and policies that address these needs and constraints, and plans for projected housing needs for all income levels over an eight-year planning period that coincides with a Regional Housing Needs Allocation (RHNA). Amongst the programs included in the City's updated Housing Element (Sixth Cycle) are plans to facilitate affordable housing development.

Actions planned to reduce lead-based paint hazards

The City of Santee requires that all federally funded projects be tested for lead-based paint and abate hazards as needed. Lead-based paint warnings are distributed with applications for property related assistance. All applicants are required to sign and return the lead-based paint warning to verify that they have read its contents and are aware of the dangers lead-based paint presents. Factors such as housing age and condition and the age of household members are taken into consideration when

determining lead-based paint danger.

Actions planned to reduce the number of poverty-level families

The City of Santee seeks to reduce the number of people living in poverty by continuing to implement its anti-poverty strategy incorporating housing assistance and supportive services. A major partner in reducing poverty in Santee is the County, which administers the CalWORKs Program. CalWORKs provides cash aid to needy families to cover the cost of essentials like housing, healthcare, and clothing. It also supports job training throughout the County and the Community College Districts. The County also administers CalFresh, the federally funded food assistance program that is widely regarded as one of the most impactful anti-poverty programs in the country.

As a means of reducing the number of persons with incomes below the poverty line, the City will coordinate its efforts with those of other public and private organizations serving lower income residents.

Actions planned to develop institutional structure

As the administrator of block grant programs, Department of Planning and Building staff collaborates with City departments and outside agencies to implement the objectives established in the Consolidated Plan. The City conducts annual monitoring visits with grant subrecipients to review administrative practices and activity effectiveness.

Actions planned to enhance coordination between public and private housing and social service agencies

Santee is committed to fostering coordination between public and private housing and social service agencies. The City of Santee regularly deals with residential development entities that are both profit and non-profits. The city will continue to work with such organizations to foster the provision of affordable housing in the region and connect such housing organizations with social service providers operating and serving the City of Santee.

Discussion

While monitoring CDBG-financed public services/resources to local services agencies, the City will endeavor to strengthen coordination with public and private affordable housing organizations and the San Diego County Housing Authority. Santee will continue to address the needs of persons experiencing Homelessness in relation to both physical and mental/behavioral health needs. Santee participates in a regional Continuum of Care plan.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. **Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2022, 2023 and 2024 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.
