

RE-ROOFING INFORMATION SHEET

City of Santee Building Division

10601 Magnolia Ave, Santee, Ca 92071 | (619) 258-4100 Ext 154 or 155

The following information shall be provided for city review and approval prior to issuing a building permit for a re-roof. In addition to this application, please attach a copy of the listing for the **Class "A" Roof Assembly**. (Climate Zone 10)

1. Street Address: _____
2. Building Occupancy: _____
3. Roof Slope: _____ Number of Squares: _____ Weight per Square: _____
4. New Roof Type: _____ Type of Existing Roof: _____
5. New Roof Trade Name and Manufacturer: _____
6. Description of New Roof Application: _____
7. Class "A" Roof Assembly Approval: ICC# _____ U.L. # _____
8. Type of Cool Roof: (CRRC Product ID #) _____
9. Aged Solar Reflectance: _____ Thermal Emittance: _____ .75 SRI: _____

Note: If the Aged Reflectance is not available in the CRRC's rated product directory, then use the initial reflectance value from the same directory and use the quotation (0.2+0.7(P -0.2)) to obtain a calculated aged value. Use "P" as the initial solar reflectance.

Residential roofing products must be certified as "Cool Roof" by the Cool Roof Rating Council (CRRC) or...

Exemptions:

- The roofing being replaced is less than 50% of the total roof area of the building
- 1 inch air space between top of roof deck to the bottom of roofing product
- Ducts are insulated to R-6 and sealed (must be verified by HERS report)
- Building has R-38 insulation
- Building has a radiant barrier in the attic
- Building has no ducts in the attic
- R-4 min. insulation above roof deck
- Roofing is covered by integrated photovoltaic panels
- Roof construction having thermal mass over the roof membrane of at least 25lbs per square foot

10. Will the existing roof be removed? YES NO Is there more than one existing roof? YES NO
11. Is the existing structural design sufficient to sustain the weight of the proposed new roof? YES NO

The pre-roofing, sheathing, and cool roof underlayment inspection may be accomplished by a special inspector in lieu of the City Building Inspector. The Building Official has determined that a State licensed general contractor or roofing contractor is qualified to act as the special inspector.

- I certify under penalty of perjury, under the laws of the State of California, the information provided on this form is accurate and complete.
- I agree to perform all work in accordance with the manufacturers approved Class "A" ICC or UL listing, including roof deck, underlayment, insulation, and roof covering to the listing.
- I am a licensed general contractor or roofing contractor and will act as the pre-roofing special inspector. I will certify in writing prior to final City approval that the pre-roofing inspection was made and that the substrate and/or existing roof is adequate prior to application of the new roof.
- I certify that the energy features and performance specifications identified on this Certificate of Compliance conform to the requirements of Title 24, parts 1 and 6 of the California Code Regulations.
